

TRANE XL19i

Efficient performance

The XL19i's SEER (Seasonal Energy Efficiency Ratio) rating of up to 19.50 is among the highest energy efficiency rating of any air conditioner available today. The XL19i has two compressors: one for milder weather and a second larger compressor for those extremely hot days. It's like having two units in one.

Economical operation

Increased efficiency may substantially lower your home cooling costs.

Quiet comfort

Variable-speed fan motor adjusts speed to quietly provide maximum comfort.

Durable construction

Materials for all components are tested again and again for long-lasting performance and durability.

TRANE XL19i specifics
